Five years ago I had influenze and pneumonia, Frank Farnham tells. "I was unconscious some time, and it left me so weak I could hardly move. I was a wreak. Had a terrible lame back and my kidneys were so balmy rest was disturbed four times a night. Tried every medicine and dectored to no avail. Had just given up hopes of life when I tried Goldine Alterative. Very first bottle helped me. Three bottles did wonders for me My appetite came back, headaches went, backaches left neuralgin in the face stopped, had no gas or indigestion, was not short of breath, cough left me, slept fine and my strength all came back so my work did not tire me. That is over three years ago and I am now in perfect health. I feel I wouldn't be here if I hadn't got Goldine. Have taken seven bottles in all, as I believe every person should take a first-class alterative like Goldine at least once a year."
